

Pattern for Reusable Feminine

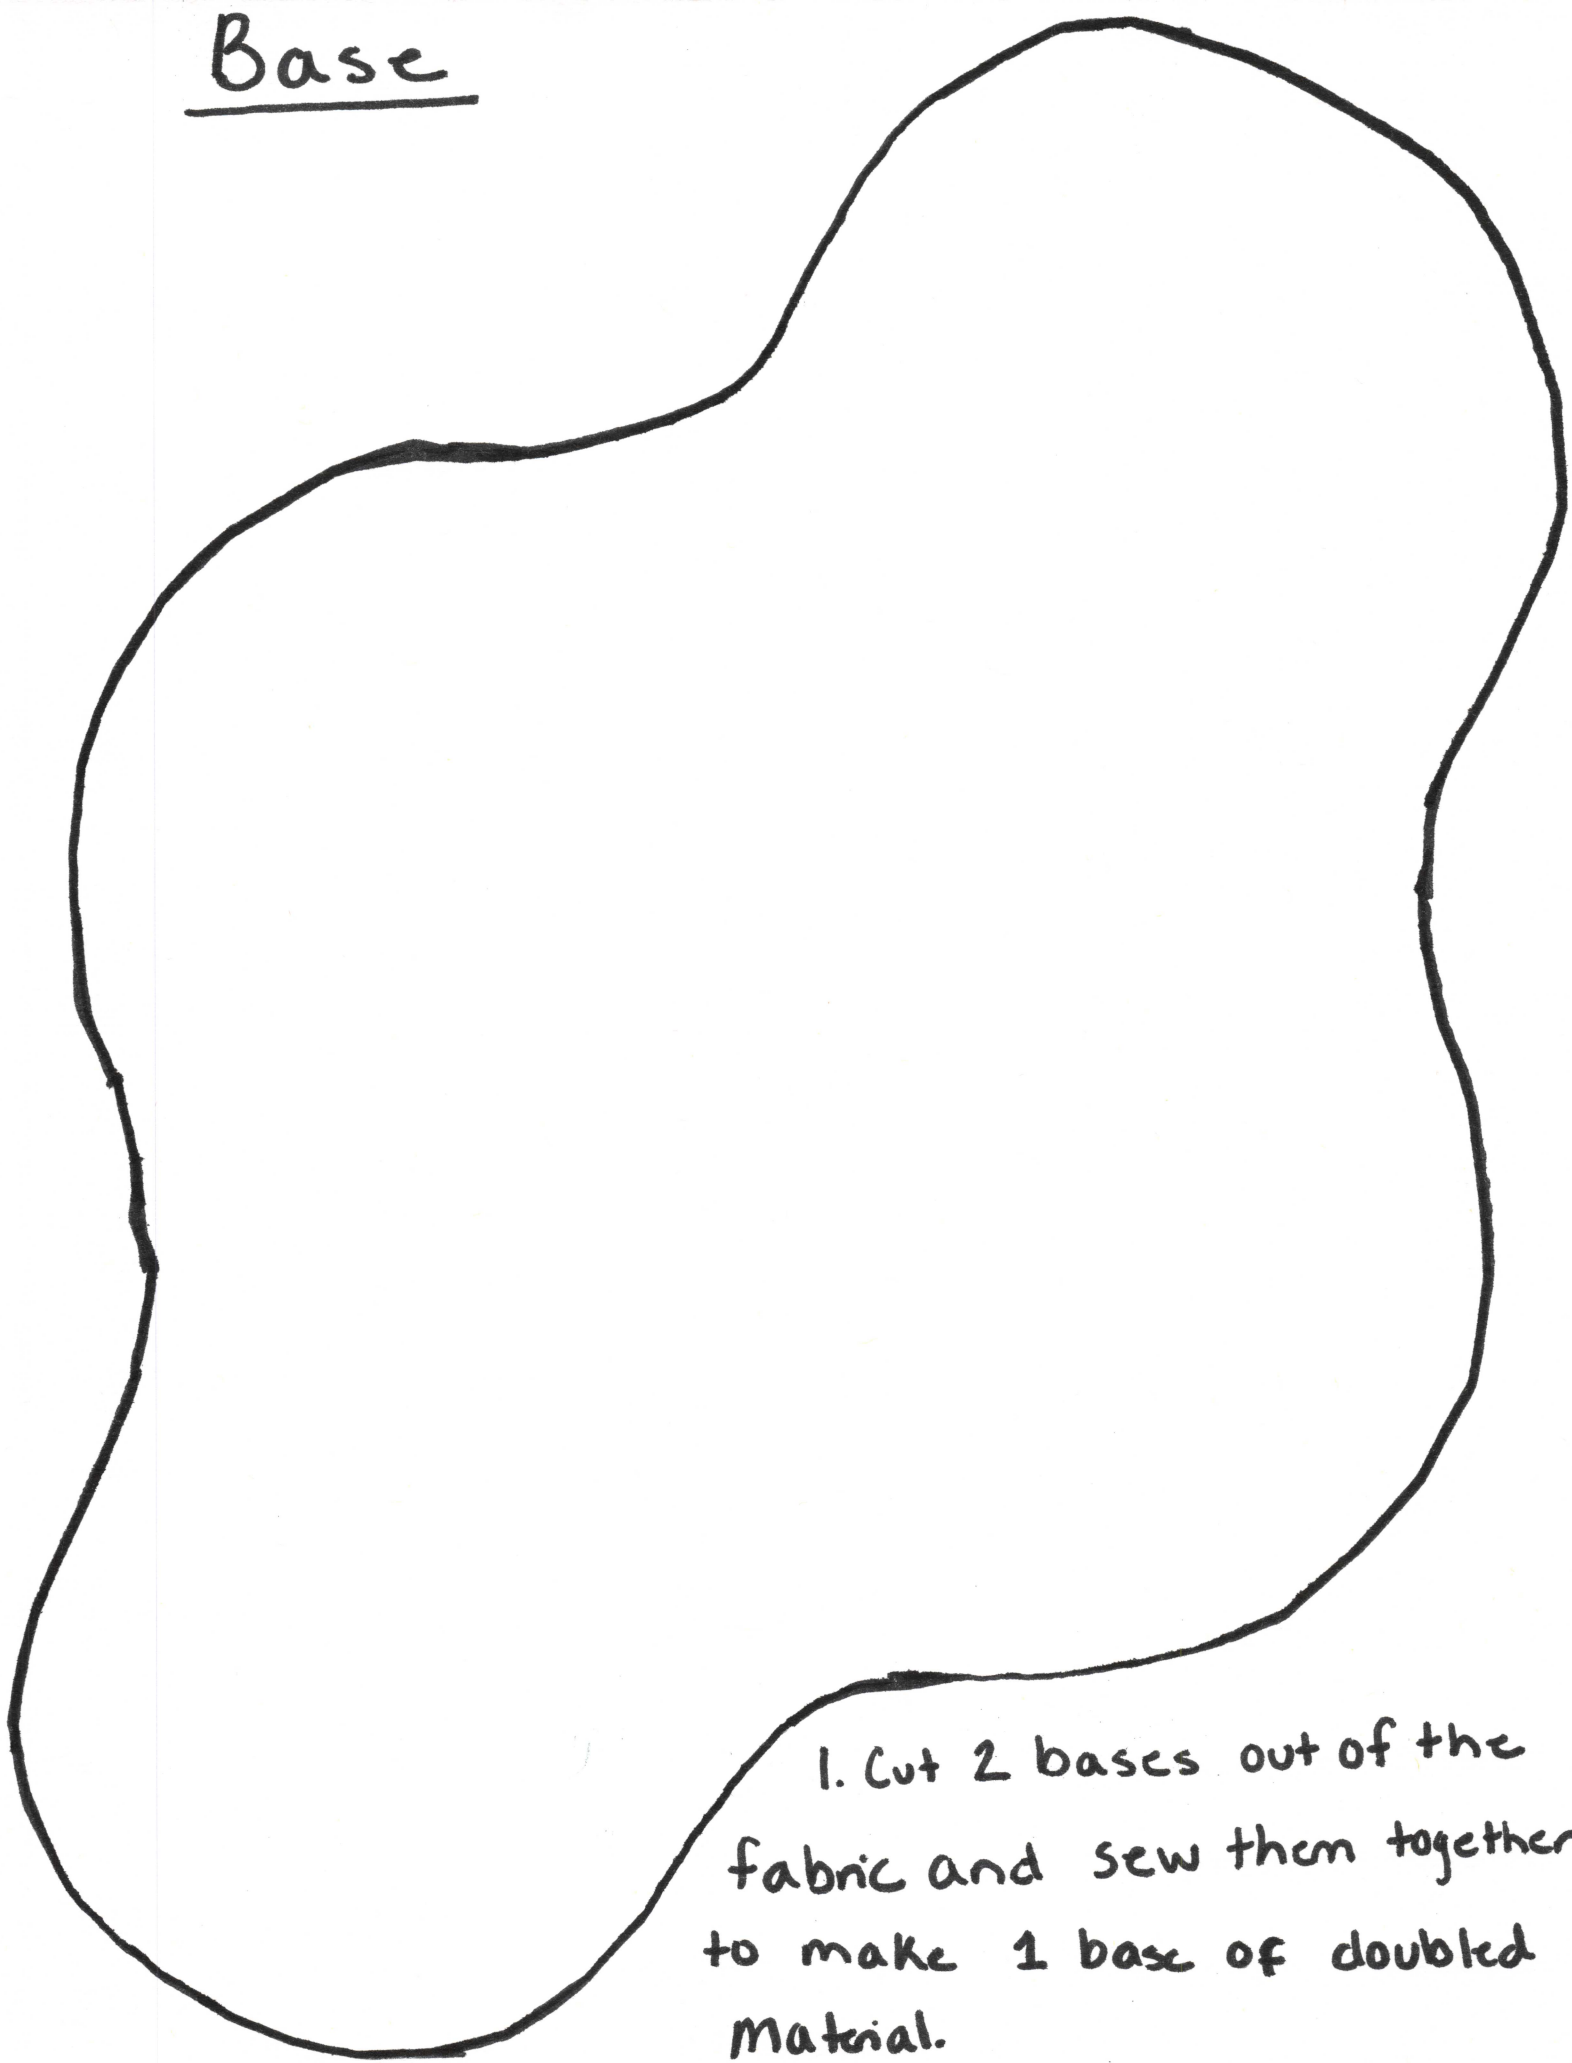

Hygiene Kits

★ Everything is to scale ★

• Every Kit Contains:

- 2 bases made of doubled material with a waterproof lining and 2 pockets.
- 4 pads made of doubled material.

Base

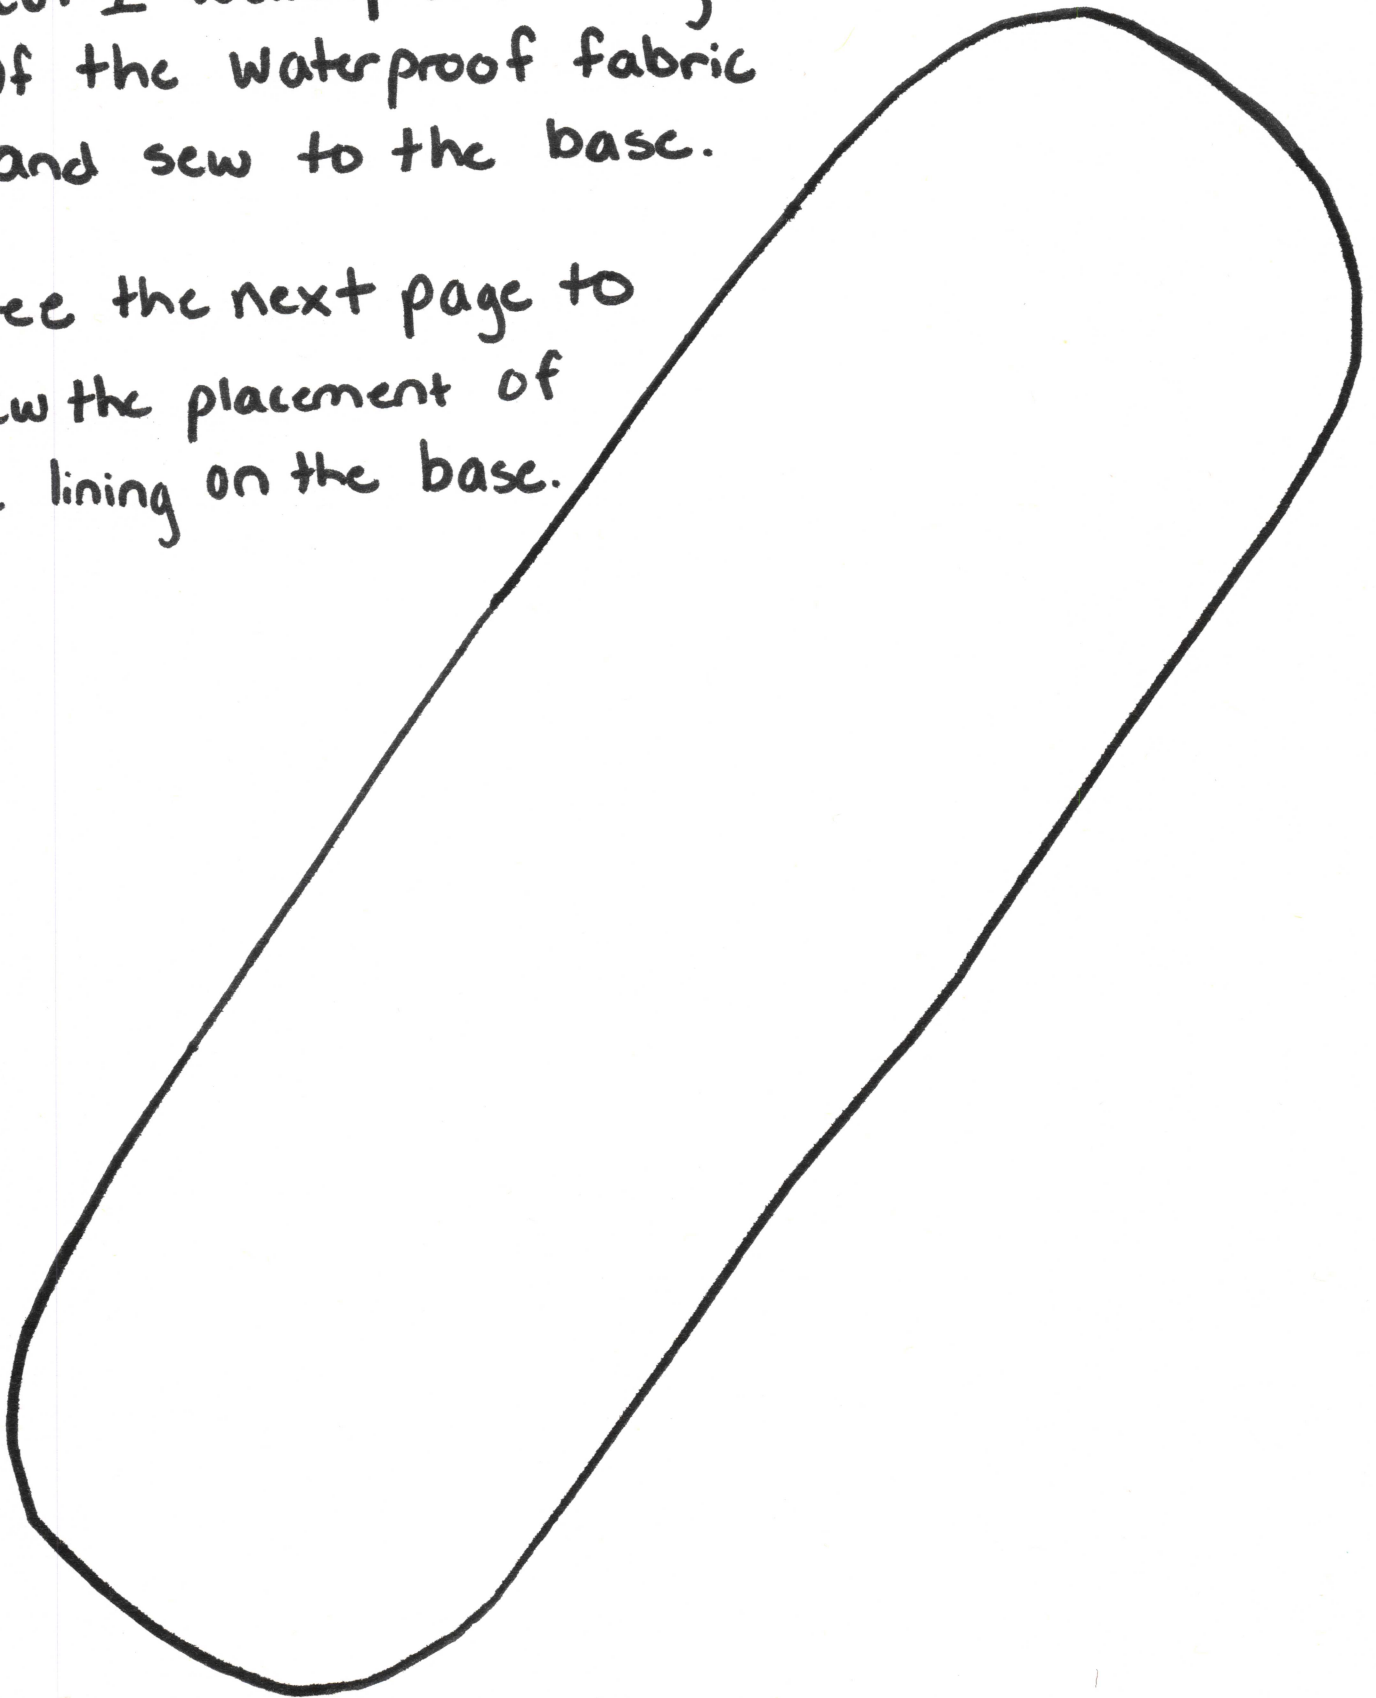

1. Cut 2 bases out of the fabric and sew them together to make 1 base of doubled material.

Waterproof Lining (placed on base)

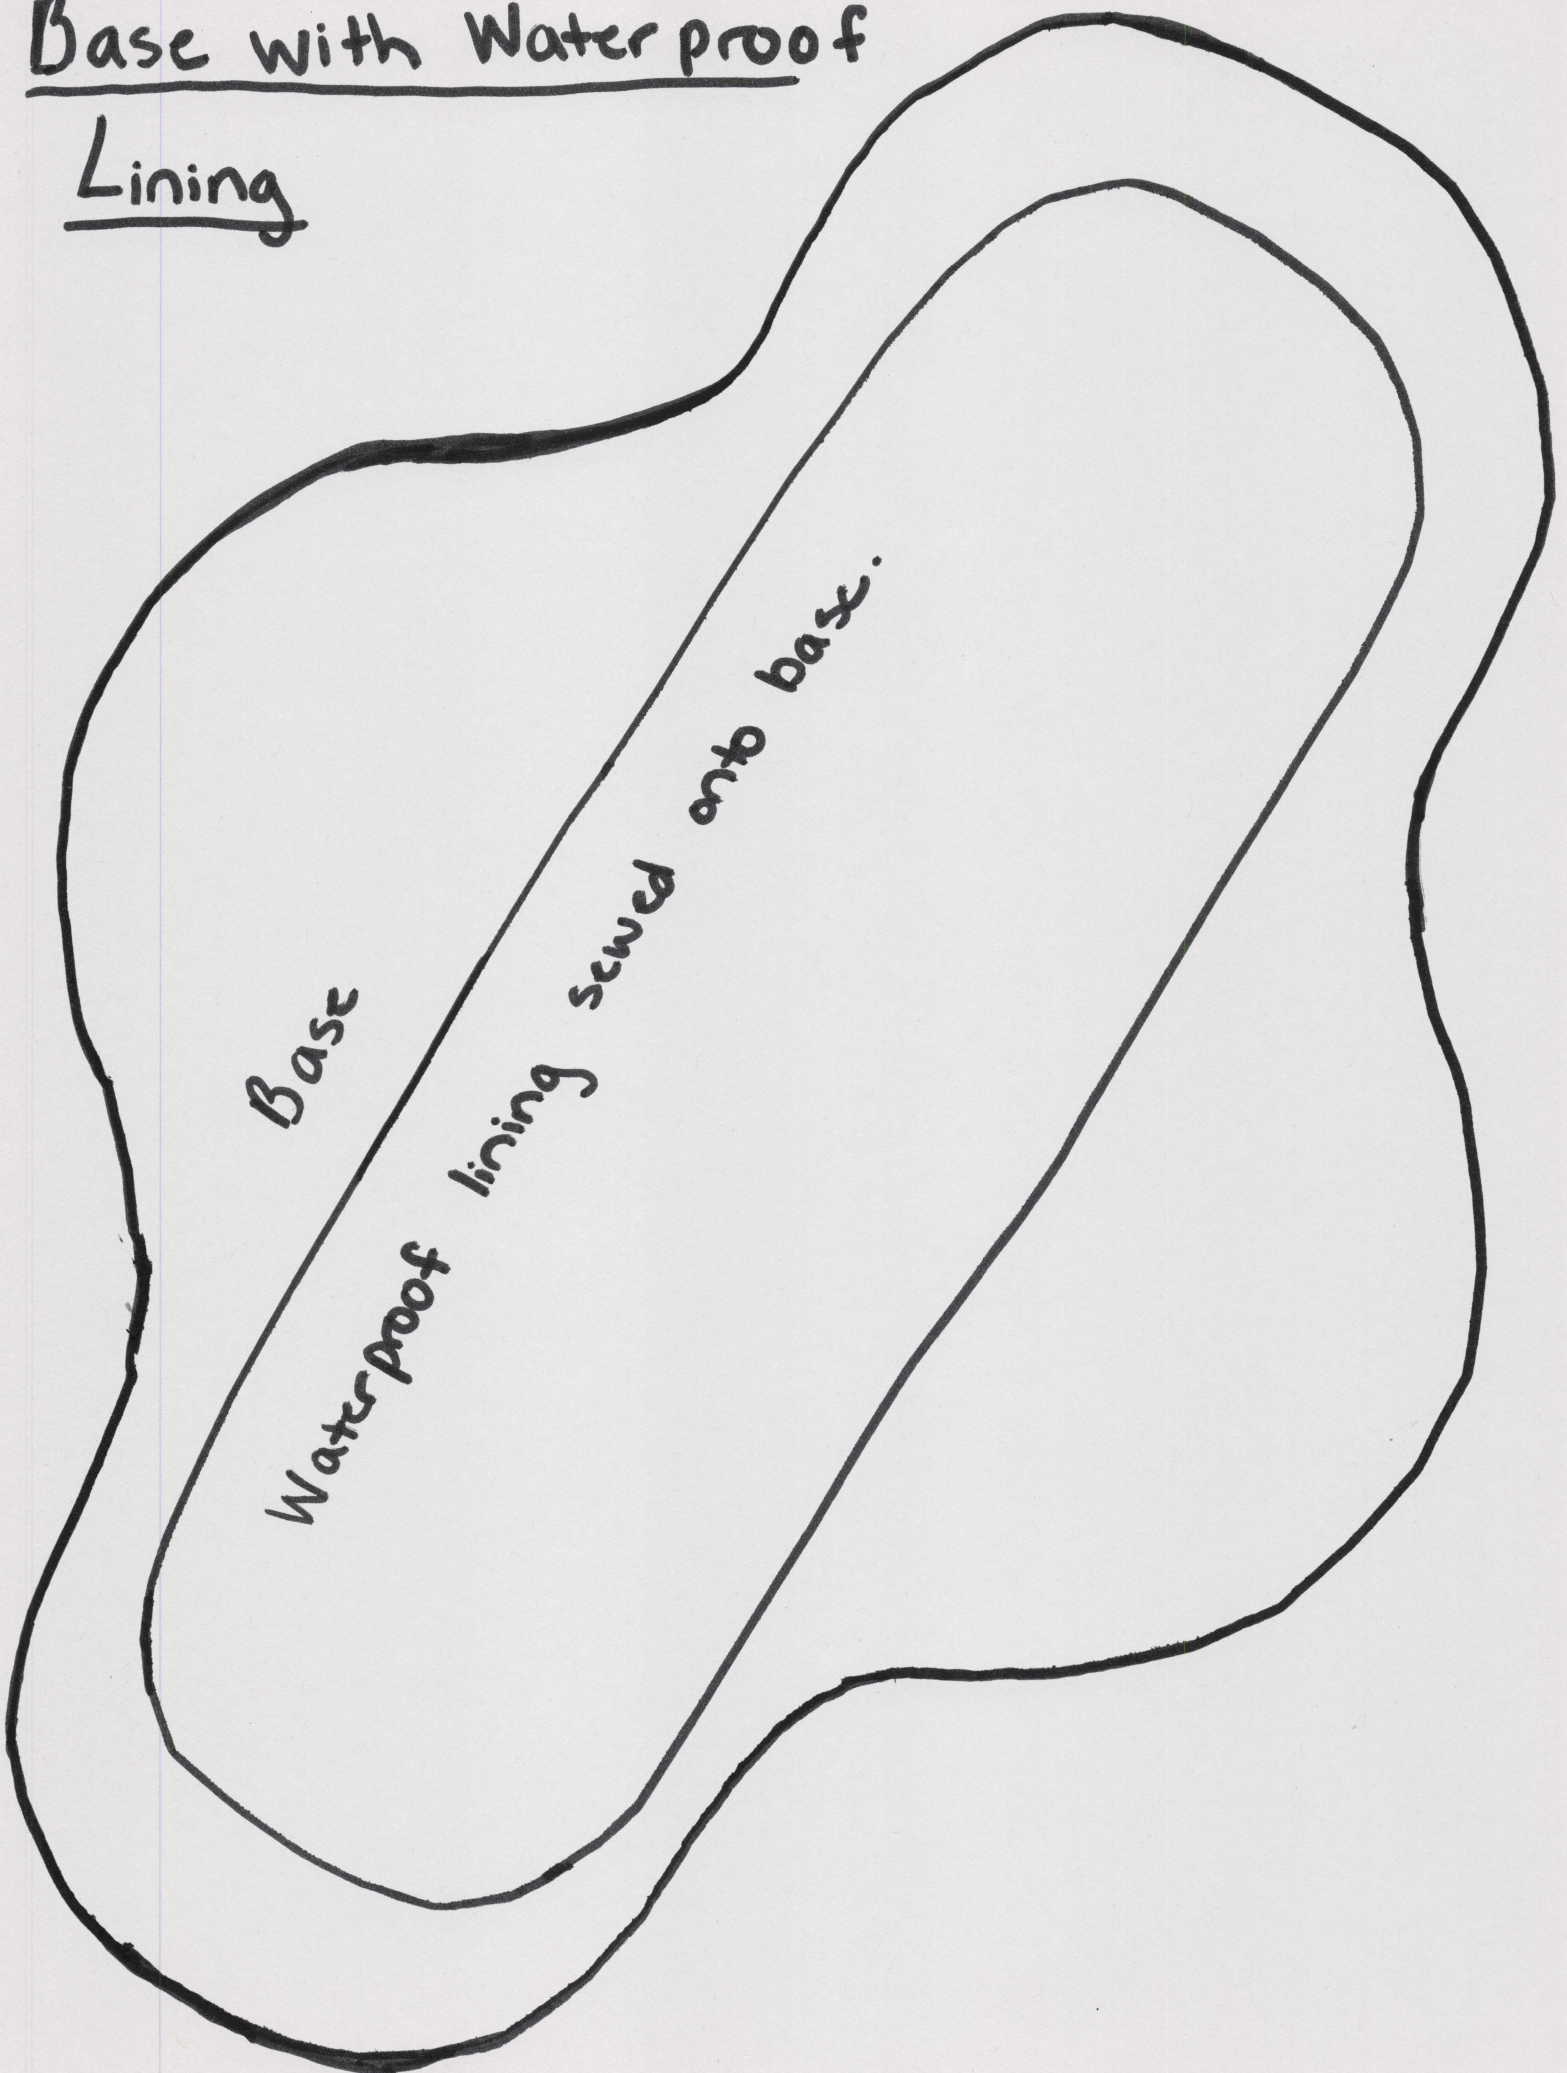

1. Cut 1 waterproof lining out of the waterproof fabric and sew to the base.

2. See the next page to view the placement of the lining on the base.

Base with Water proof

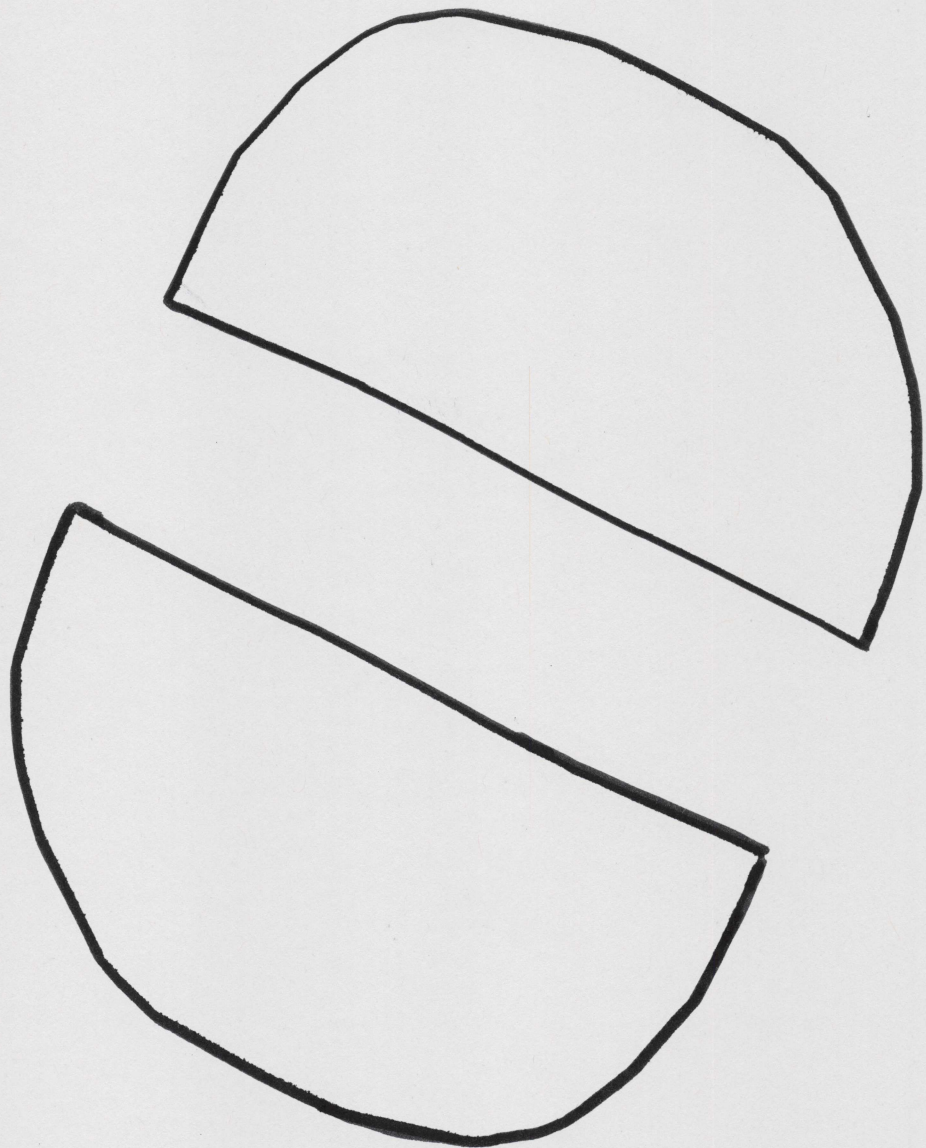

Lining

Base

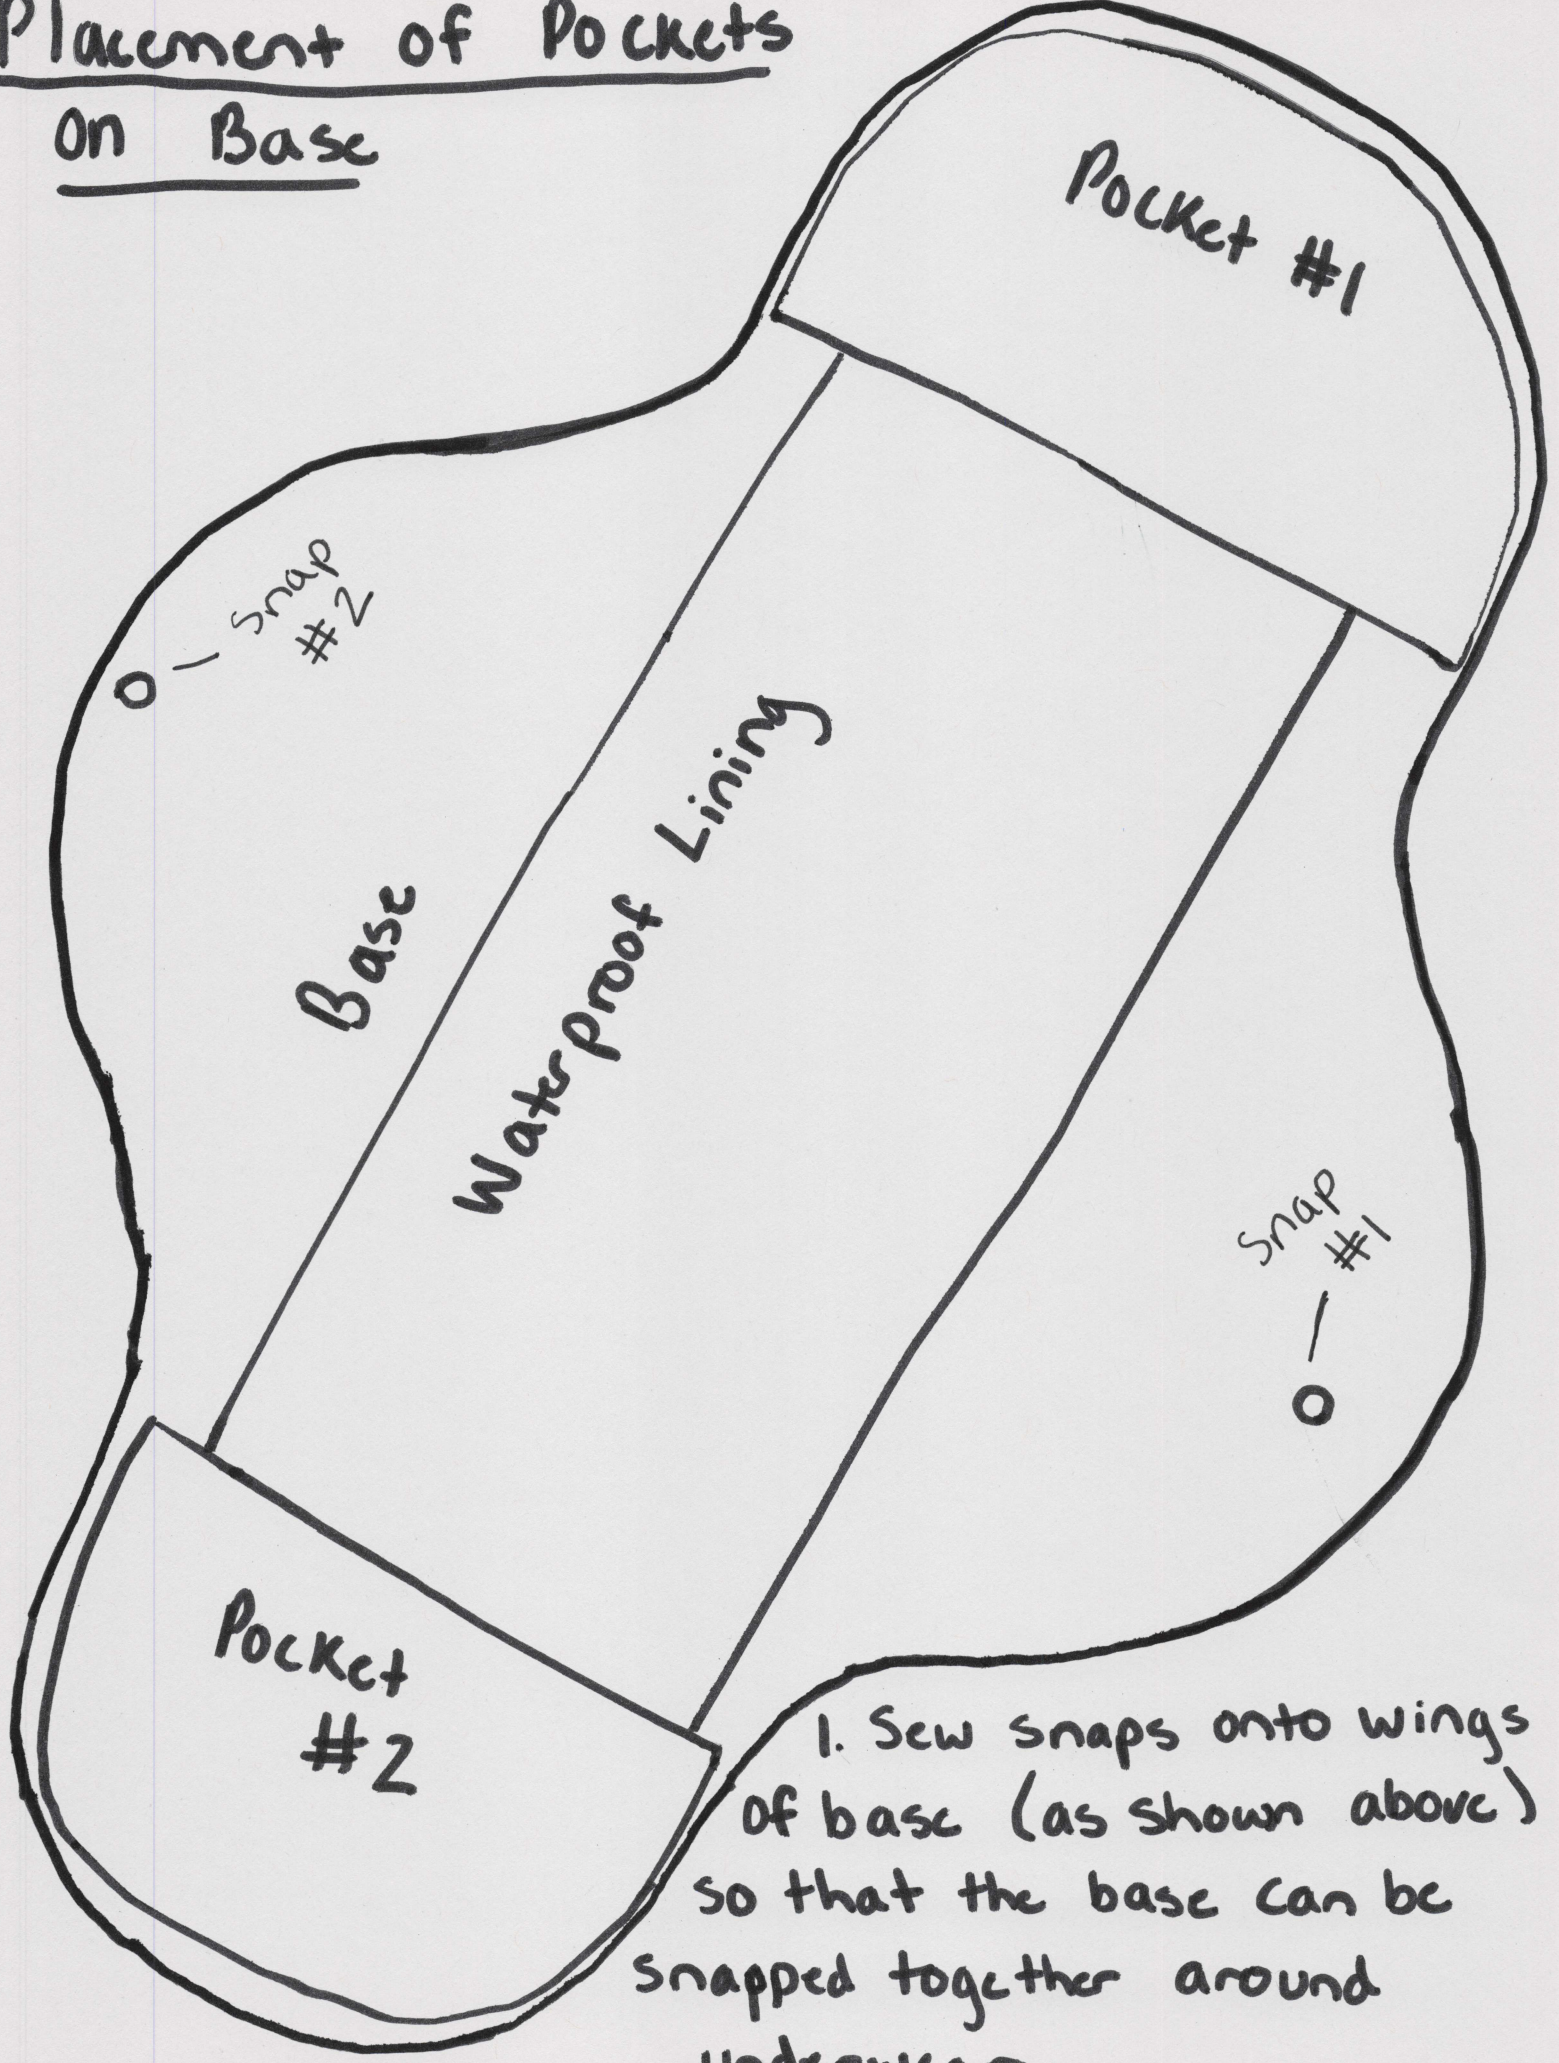

Water proof lining sewed onto base.

Pockets

1. Cut 2 pockets out of the same fabric used for the base.
2. Sew each pocket to the base.
3. See next page to view the placement of the pockets on the base.

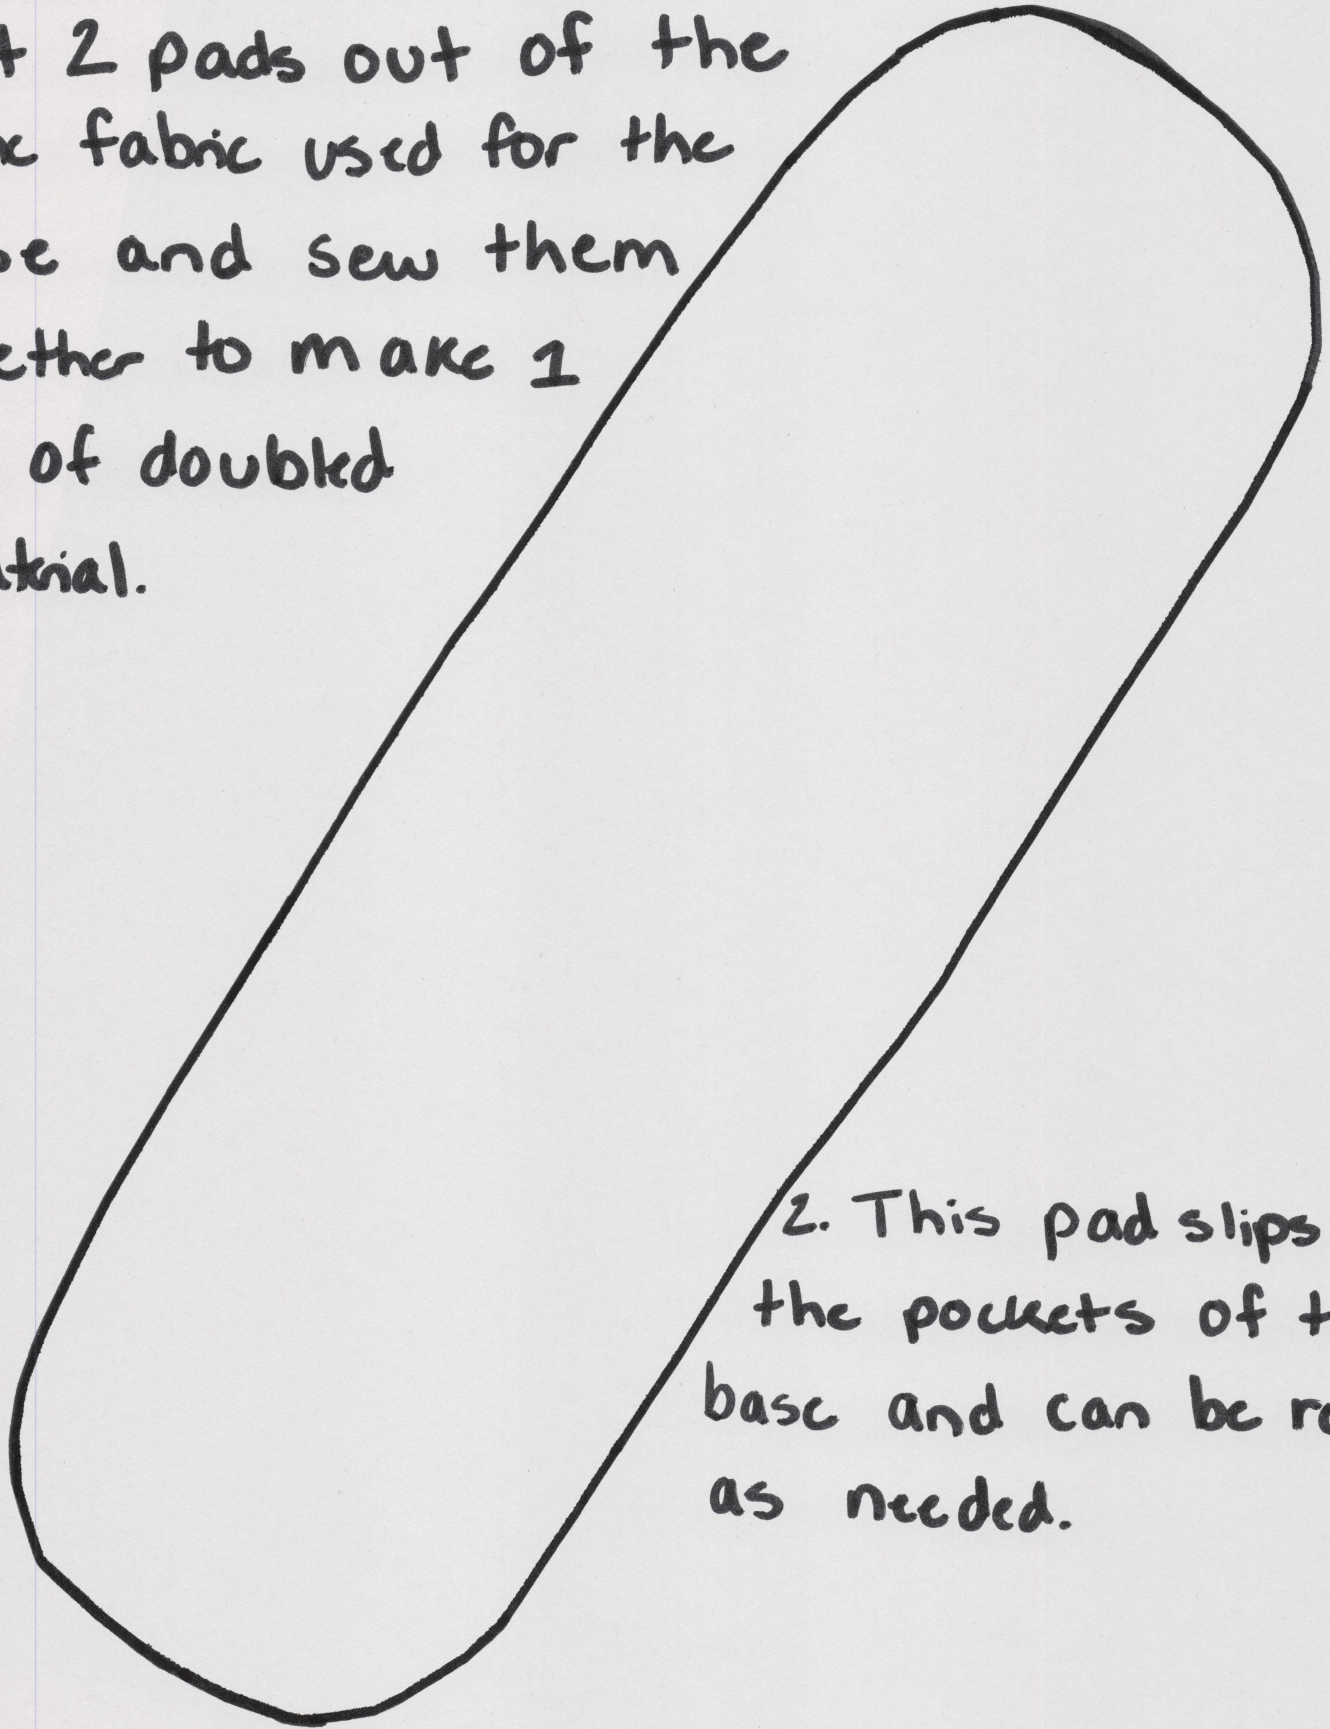

Placement of Pockets on Base

1. Sew snaps onto wings of base (as shown above) so that the base can be snapped together around underwear.

Removable Pad Insert

1. Cut 2 pads out of the same fabric used for the base and sew them together to make 1 pad of doubled material.

2. This pad slips into the pockets of the base and can be removed as needed.
